Eligible applicants include local representatives of civil society, including: non-profit organizations, non-governmental organizations, and private sector organizations based in Afghanistan, Algeria, Bahrain, Egypt, Iraq, Iran, Jordan, Kuwait, Lebanon, Libya, Mauritania, Morocco, Oman, Pakistan, Qatar, Saudi Arabia, Sudan, Syria, Tunisia, United Arab Emirates, West Bank and Gaza, and Yemen.

I. Funding Opportunity Description

The U.S.-Middle East Partnership Initiative (MEPI) of the Department of State is pleased to announce, pending availability of funds, support for civil society reform initiatives that support the Broader Middle East and North Africa (BMENA) Initiative and the Forum for the Future process. Please follow all instructions below carefully.

Background Information about BMENA

The Broader Middle East and North Africa Initiative represents genuine co-operation between the G8 and European nations and the governments, business and civil society of the region, in order to strengthen freedom, democracy and prosperity for all. The leaders of the G8 industrialized nations and countries of the BMENA launched the Partnership for Progress and a Common Future - a blueprint for how G8 and Middle Eastern countries could best work together to support indigenous calls for reform - at the G8 Sea Island, Georgia, summit in June 2004. Since then, a number of supportive nations and international financial institutions have offered to support and lead various initiatives elaborated at Sea Island, and the role of civil society has become increasingly significant.

Governments and people of the region have expressed their wish to see democracy and freedoms expanded. The inaugural Forum for the Future in Rabat in December 2004 established a process of dialogue among G8 and regional governments in pursuit of these aims and underwrote seven ambitious initiatives formulated at the Sea Island summit. Since the first Forum, civil society groups and lead partner countries have made significant advances in this agenda and focused on transparency of governance, women in the workplace, legal reform and human rights. The yearly Forum for the Future is a centerpiece of the BMENA partnership by providing an international venue to support the reform voices in the region. The Forum permits the partners and other supportive countries and organizations to engage on political, economic and social reform on a regular basis.

Hundreds of civil society leaders and organizations have participated in the Forum for the Future process since its inception in 2004. The Forum and associated meetings and workshops provide an important opportunity for civil society leaders to work with their governments to outline key recommendations towards creating participatory, pluralistic, and prosperous societies in the BMENA region.

Purpose of the Grant

MEPI intends to support directly the role of civil society in the Forum process by providing grants to civil society organizations, including non-governmental organizations, to undertake projects that are consistent with the principles and goals of BMENA and the Forum process. As enshrined in the Final Declaration of the Eight Forum for the Future, those include: “the need to reinforce the values of democracy, consultation and cooperation, with a view to broaden the scope of participation in political and public affairs, and in the decision-making process.” MEPI welcomes grant applications that advance Forum principles and goals and translate them into tangible projects, including, but not limited to, the following areas:

- Expansion of public participation in political life;
- Legal environment for civil society;
- Government-private sector-civil society cooperation;
- Building the capacity of civil society organizations (CSOs) to support democratic reform and transition processes;
- Benchmarking democratic reform progress in the region and reporting through performance indicators on the actions undertaken in each country to assess the level of the implementation of Forum's objectives; and
- Civil rights, including gender equity, freedom of opinion, freedom of expression and freedom of association; and promoting strong anti-corruption legislation and practices.

Civil society coalitions are encouraged to apply. Proposals should clearly outline the roles and responsibilities of all organizations involved in the project.

Allowable Project Activities:

Grant applications that are often selected for funding include, but are not limited to:

1. Community-level activities that provide practical experience in democratic processes and encourage and strengthen volunteerism and advocacy;
2. Public education and awareness-building activities, as well as training-of-trainers;
3. Workshops, meetings, or training events of a practical and professional nature, which are an integral part of and contribute to the overall project; and/or
4. Capacity-building for civil society organizations/nongovernmental organizations.

MEPI Grants typically do NOT fund the following activities and costs:

1. Social welfare projects;
2. Organizational start-up costs, including setting up a center or office;
3. Costs related to renovation, remodeling, or purchase or lease of new durable goods or real-estate;
4. Purchase of furniture and office decor;
5. Purchase or maintenance of vehicles;
6. Paying to complete activities begun with other funds;

8. Academic or analytical research (if not necessary as part of a larger project);
9. Scholarships;
10. Foreign travel, unless specifically justified within the project;
11. Exchange programs with other countries;
12. One-time events, such as stand-alone conferences and one-off round tables;
13. Medical and psychological research and clinical studies;
14. Provision of health care services;
15. Projects of a commercial or profit-making nature;
16. Cultural presentations, cultural research, cultural clubs, or festivals, etc.;

17. Language training courses;

Dun and Bradstreet Data Universal Number System and Central Contractor Registration: Until May 15, 2012 Local Grant applicants are not required to obtain a Data Universal Number Systems (DUNS) number and the Central Contractor Registration (CCR) because of a one-year waiver that MEPI received on May 16, 2011. However, MEPI strongly encourages all applicants to obtain a DUNS number and CCR registration. Any applicant submitting a local grant application after May 15, 2012 must have a DUNS Number and CCR status to apply for or receive MEPI funding.

Dun and Bradstreet Data Universal Number System (DUNS): The Data Universal Number System is a nine-digit number established and assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities. Obtaining a DUNS number is the first step, required by an organization, to register with the Grants.gov system. **A DUNS number may be acquired at no cost on-line at: fedgov.dnb.com or via telephone at: 1-866-705-5711.** This process normally takes one business day. After May 15, 2012 applications which do not include the applicant's DUNS number will not be considered for funding.

Central Contractor Registration (CCR): The CCR is the Federal repository in which an applicant must provide information required for the conduct of business as an award recipient. Obtaining Central Contractor Registration is the second step, required by an organization, to register with the Grants.gov system. CCR registration expires each year and applicants are encouraged to update their registration annually. Further, applicants are encouraged to maintain an active CCR registration, with current information, while their application is under consideration for funding. **Registration procedures may be found at www.ccr.gov.** This process can take three to five business days or up to two weeks. After May 15, 2012 applicants who are not registered with CCR will not be considered for funding.

V. Application Review and Selection Process

Complete applications submitted under this announcement will be reviewed by a committee and evaluated and rated on the basis of the following evaluation criteria. The criteria are designed to assess the quality of the proposed project and to determine the likelihood of its success. The criteria are closely related and are considered as a whole in judging the overall quality of an application. Applications will be reviewed on the basis of their fullness, coherence, clarity, and attention to detail.

Notice of Overseas Federal Assistance Award Certification and Assurances

TERRORISM -Blocking Property and Prohibiting Transactions Who Commit, Threaten To Commit, or Support Terrorism, Executive Order 13224:

Executive Order 13224 designated 27 individuals and entities that commit or pose a significant risk of committing terrorist acts and authorized the Secretary of State to designate additional individuals and entities.

The recipients are reminded that U.S. Executive Order and U.S. laws prohibit transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of the recipient/contractor to ensure compliance with these Executive Orders and laws.

HOST COUNTRY LAWS (for non-US NGOs):

The recipient's employees shall maintain private status and may not rely on local U.S. Government offices or facilities for support while under this recipient.

The sale of personal property or automobiles by recipient employees and their dependents in the foreign country to which they are assigned shall be subject to the same limitations and prohibitions which apply to direct-hire Department of State personnel employed by the Mission, except as this may conflict with host government regulations.

Other than work to be performed under this award for which an employee is assigned by the recipient, no employee of the recipient shall engage directly or indirectly, either in the individual's own name or in the name or through an agency of another person, in any business, profession, or occupation in the foreign countries to which the individual is assigned, nor shall the individual make loans or investments to or in any business, profession, or occupation in the foreign countries to which the individual is assigned.

The recipient's employees, while in a foreign country, are expected to show respect for its convention, customs, and institutions, to abide by its applicable laws and regulations, and not to interfere in its internal political affairs.

In the event the conduct of any recipient employee is not in accordance with the preceding paragraphs, the recipient's chief of party shall consult with the Department of State Mission Director and the employee involved, and shall recommend to the recipient a course of action with regard to such employee.

The parties recognize the rights of the U.S. Ambassador to direct the removal from a country of any U.S. citizen or the discharge from this award of any third country national when, in the discretion of the Ambassador, the interests of the United States so require.

HOST COUNTRY LAWS (for PIOs):

Member states of a PIO must respect the independence of the PIO, and the integrity of its operations within the framework of its charter. It is a general policy principle that PIOs, composed of many member nations, are not expected to subject their books and records to inspection by officials of each country participating in the organization. Accordingly, Department of State generally relies on the international organization's management and its internal auditing and procurement policies and procedures.

RELIGIOUS PERSECUTION:

With regard to religious persecution in particular, the recipient must ensure that its personnel take into account in their work the considerations reflected in the International Religious Freedom Act concerning country-specific conditions, the right to freedom of religion, methods of religious persecution practiced in foreign countries, and applicable distinctions within a country between the nature of and treatment of various religious practices and believers.

LIABILITY:

The recipient shall hold and save the Government, its officers, agents and employees, harmless from all liability of any nature or kind, including costs and expenses, for or on account of any or all suits for damage sustained by any person or persons or property by virtue of performance of this award.

PROTOCOL AND DECORUM:

During the term of this award, the recipient will be associated with the Government in such a manner that the recipient's actions will reflect upon the Government and the United States. Therefore, the recipient will be responsible to the U.S. Public Affairs Counselor in charge regarding protocol and decorum at all times.

LOBBYING RESTRICTION:

The recipient agrees that none of the funds provided by this agreement shall be used by the recipient for lobbying or propaganda which is directed at influencing public policy decisions of the Government of the United States or any State or locality thereof. This provision shall not be construed so as to abridge the right of any recipient to exercise the same freedom of speech as is protected by the first article of amendment of the United States Constitution, so long as such recipient does not use funds provided under this award in exercising such right.

CONTROLLED SUBSTANCES:

By acceptance of this award and any assistance (payment) hereunder, the recipient certifies that the recipient will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance during performance of the award.

DEBARMENT AND SUSPENSION:

You must comply with requirements regarding Debarment and suspension in Subpart C of 2 CFR part 180, as adopted by the Arts Endowment in Title 2 CFR, Chapter 32, and Part 3254. There are circumstances under which we may receive information concerning your fitness to carry out a project and administer Federal funds--for instance:

- Conviction of, or a civil judgment for, the commission of fraud, embezzlement, theft, forgery, making false statements;
- Any other offense indicating a lack of business integrity or business honesty that seriously and directly affects your present responsibility; or
- Any other cause of so serious or compelling a nature that it affects an organization's present responsibility. In these circumstances, we may need to act quickly to protect the interest of the government by suspending your funding while we undertake an investigation of the specific facts. We may coordinate our suspension actions with other Federal agencies that may have an interest in our findings. A suspension may result in your debarment from receiving Federal funding government-wide for up to three years.

Project Narrative Instructions

The Project Narrative provides detail about your proposed project. The Project Narrative is the most important part of the application, since it will be used as the primary basis to determine whether or not your project meets the minimum requirements for grants under this announcement. The Project Narrative should provide a clear and concise description of your project. In order to help MEPI determine if your project idea meets the program goals for this announcement, we request that you use this Project Narrative worksheet to describe your project idea. Please follow all instructions below carefully.

We accept Project Narratives in English or Arabic. We look forward to receiving creative proposal ideas that address the areas of interest and allowable activities outlined below.

Hundreds of civil society leaders and organizations have participated in the Forum for the Future process since its inception in 2004. The Forum represents a critical opportunity for civil society leaders to work with their governments to outline key recommendations towards creating participatory, pluralistic, and prosperous societies in the Middle East and North Africa (MENA) region.

These specialized grants are intended for local members of civil society, including non-governmental organizations, to undertake projects based on outcomes of the Eighth Forum for the Future process in Kuwait City, Kuwait, in November, 2011. Funding is available for projects that translate the themes of these meetings into tangible projects, focusing on the following areas:

- Expansion of public participation in political life;
- Legal environment for civil society;
- Government-private sector-civil society cooperation;
- Building the capacity of CSOs to support democratic transition process, especially on monitoring elections, transitional justice and drafting constitutions;
- Benchmarking democratic reform progress in the region and reporting through performance indicators on the actions undertaken in each country to assess the level of the implementation of Forum's objectives; and
- Civil rights, including gender equity, freedom of opinion, freedom of expression and freedom of association; and promoting strong anti-corruption legislation and practices.

5. List the name(s) of the person(s) who will be responsible for implementing and managing the project. Please attach a copy of each person's biographical sketch or resume.

6. Describe how you plan to publicize the work and to incorporate MEPI into this publicity (if appropriate).

Budget Narrative Instructions

The Budget Narrative provides detail about both the Federal request and cost share. A sample template can be found in Appendix 3. The Budget Narrative is used to determine if the costs in a MEPI application are reasonable and permissible. All of the proposed costs listed, whether supported by grant funds or match funds, must be reasonable, necessary to achieve project objectives, permissible in accordance with applicable Federal cost principles, auditable, and incurred during the project period.

When completing the sample template, applicants should ensure the following:

- Presented in U.S. dollars, rounded to the nearest dollar;
- Include an estimate of the cost of tasks and activities projected based on budget category identified on the Budget Information Form (SF 424a);
- Provide details of calculations including estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated;
- Funding should not duplicate on-going activities;
- Budget categories should be clearly labeled and identified;
- The use of "miscellaneous expenses" or any similar term as a budget item is unacceptable;
- Cost-sharing (salaries, rent, utilities, equipment, and other organizational costs.) is strongly encouraged. Applicants should document cost-sharing arrangements in their budget narrative description. Cost sharing must meet the three tests in determining the permissibility of costs outlined under the header "Allowable Project Costs" below.

Allowable Project Costs

The cost principles below address three tests in determining the permissibility of costs. These three tests apply regardless of whether the particular category of costs is one specified in the cost principles or one governed by other terms and conditions of an award. These tests also apply regardless of treatment as a direct cost or an indirect cost. The fact that a proposed cost is awarded as requested by an applicant does not indicate a determination of permissibility.

1. **Reasonable:** A cost is reasonable if, in its nature or amount, it does not exceed that which would be practical under the circumstances prevailing at the time the decision was made to incur the cost.
2. **Allocable:** A cost is allocable to a specific grant if it is incurred solely in order to advance work under the grant; benefits both the grant and other work of the organization, including other grant-supported projects or programs; or it is necessary to the overall operation of the organization and is deemed to be allowable to charge to the grant.
3. **Consistent:** A cost must be consistently charged based on regulations, policies, and procedures of the recipient that apply uniformly to both Federally supported and other activities of the organization. Recipients must be consistent in assigning costs across

programs. They must be treated consistently for all work of the organization under similar circumstances, regardless of the source of funding, so as to avoid duplicate charges.

Cost Category Guidelines

Use the checklist information below to ensure that your budget provides all the necessary information.

1. Personnel

- Is each position identified by title or responsibility?
 - **Program Director:** The individual who will provide daily oversight of the grant, including fiscal and personnel management, community relations, and project implementation and evaluation during the project period.
 - **Project Coordinator:** The individual who will coordinate coalition services and MEPI project activities, including training, coalition communication, data collection, and information dissemination.
 - **Financial or Business Official:** The person who handles the financial components of the grant.
 - **Key Personnel:** MEPI grant key personnel include a Program Director and or Project Coordinator. Key personnel are defined as individuals who contribute to the programmatic development or execution of the project in a substantive, measurable way, whether or not they receive salaries or other compensation under the grant.

2. Fringe Benefits

- Is each type of benefit indicated?

3. Travel

- Is the travel necessary for the purpose of the program?
- Are travel costs separately identifiable and reasonable (transportation, hotel, meals, and mileage)?
- Are calculations provided for each cost?

4. Supplies

- Are supplies listed separately?
- Are costs per unit identified and detailed?
- Is the basis for the cost reasonable?

5. Contractual

- Is the type of service to be rendered described?
- Did you name the consultant or contractor, if known?
- Did you provide a separate budget for sub-recipients or contracts (if applicable)?

8. Other

- Are items grouped by type (space rental, printing, phone, maintenance, and other program/organizational costs.)?

- Are all costs justified and allowable?

Budget Definitions:

Consultant: An individual or organization who gives professional advice and provides services for a fee and is not a direct hire employee of a grantee's organization. Typically a consultant performs a one-time activity.

Contract: A contract under a grant may be awarded for two purposes: 1) goods or services needed to support the grantee's performance of the project or program or 2) an award to a third party for performance of substantive programmatic work.

Direct Costs: Costs used for salaries, travel, equipment, supplies, contractual arrangements, and tangible goods or services associated with this project.

Project Costs: The total allowable costs incurred by a recipient and charged to the award during a budget period. These costs may include those costs supported by Federal funds, costs contributed by the recipient to meet a matching requirement, and the value of any third-party in-kind contributions counted toward the recipient's matching requirement.

Sub-Recipient or Sub-Awardee or Sub-Grantee: A third-party individual or organization who receives an award for the performance of certain programmatic work. All sub-recipients require prior approval from MEPI.

Sample of a Completed Budget Narrative

On pages 4-9, you will find a completed budget narrative for you to use as reference. It provides examples of what you may include in your budget narrative and guidance on what to describe in the “Narrative Justification” section.
